

Virtual Video Call

Get a group of 2 to 4 friends together on a Zoom or virtual group call. Come up with 5 ways to motivate friends/family to register and to vote.

Considerations:

- What issues are important to the people you know?
- What are the obstacles that might keep people from registering or voting?
- Discuss how COVID may impact this year's process.
- Why is voting important to YOU (and how do you express that to others)?

Result:

Document the 5 (or more) ideas for motivating people and put them into practice by trying them out on your friends and family.
